CONCERNING THE REVIEW

In pursuance of the expanded program of student participation in and control of the writing published in the REVIEW as announced in Volume XV, No. 3, pp. 244-245, we are pleased to announce and present in this number a new *Recent Decisions* section, with the expectation that it will become a regular part of each future number. For this purpose, Roger D. Redden, Class of 1957, has been named Recent Decisions Editor. He assumed primary responsibility for the selection of and comment on the cases contained under the new heading herein, pp. 78-85, and his efforts as herein represented will set the style for the future, subject to being influenced by any comments or suggestions which this new section may elicit. His present thought is to bring quickly to the attention of our readers cases of novel or other outstanding interest from all jurisdictions, with brief annotations related to their Maryland significance. We shall be pleased to hear from any of our readers as to whether such a section is worthwhile and how it may be made most valuable.
