EDITORS' NOTE

This issue effectively inaugurates us. We are indebted to the outgoing editorial board for both Notes herein and for the Recent Decision on negligent entrustment. We regret that our first issue does not contain more of our own efforts, but prior commitments and a shortage of funds have severely hampered us. In an effort to conserve funds, we have abandoned the practice of summarizing the issue's contents in this note; we hope that the table of contents will serve nearly as well to excite your interest and guide your reading.
