We Couldn’t Do It

Without You.

Contributors to the Annual Fund are the mainstay of the law school’s development program. This unrestricted support is essential to the flexibility needed to address shifting priorities. Thanks to the generosity of alumni and friends, the School has been able to build nationally recognized programs in many areas including health care law, environmental law, business law, and clinical education. Library resources, student services, and countless other needs are also supported by the Law School Fund. The size of the gift is not important; every dollar counts and every dollar helps. Please know how much your contributions are valued.
